

Dear fellow small entrepreneurial & mid-sized businesses,

I hope this finds you safe and healthy during these unsettling times.

My name is Pat Hart, Partner/COO of Trifecta Management Group (TMG).

The recent COVID-19 pandemic has taken a toll on all businesses, especially the medium-sized and smaller entrepreneurial businesses. It is not only important to survive these times, but reemerge as a better, safer version of the place that your guests love. We are here to help!

Our hope is that as we navigate this crisis, and begin to return to a new "normal", we can work together and combine our talents and efforts to ease the recovery process and continue to support and help our friends and clients in the industry find success.

At [Trifecta Management Group](#) we are well versed in implementing pragmatic solutions in operations, hiring/training, culinary services, marketing & sales, interim management, technical services, and more. We are sensitive to the fact that cost/spending is at the top of mind right now, and we are committed to finding the flexibility you need.

If you, or someone you know would like more information, let's set up a brief informational call or zoom meeting (absolutely no obligation). Please give me a call at 661-313-0872 or email me at phart@trifecta-mg.com or schedule a meeting.

Sincerely,

Pat Hart

Partner | COO
